Club and Domestic Boxing Guidelines

General

1. The objective of this document is to provide guidance for Boxing Scotland (BSL) Officials, Club Coaches and Boxers when involved/boxing at club level.

Rest Period for Boxers

2. The health, safety and welfare must always be our primary concern at all times. There should be a minimum of a 12-hour rest period between bouts for all registered BSL boxers.

Skills Bouts

3. Skills bouts are defined by BSL as a means of allowing BSL registered boxers to gain experience in a controlled environment in which contact is permitted. Skills bouts will be very strictly controlled by the referee under the close management and guidance of the appointed Supervisor.

4. All bouts involving Schools, Junior, Youth and Elite boxers must adhere to the age classifications, weight categories and bout durations as identified in the IBA AOB Technical and Competition rules and this guidance document.

5. During a Skills bout, competitive heavy blows are not permitted. Coaches, Referees and Supervisors have a responsibility to discourage blows of this nature and must ensure this aspect is strictly adhered to. The health, safety, and welfare of all boxers during Skills bouts must be everyone's primary concern and the Referee and/or the Supervisor will terminate any bout they deem to be too competitive or in which heavy blows are delivered.

6. Coaches will not be permitted to 'coach' from the corner during a Skills bout.

7. There is no requirement for Judges to officiate during Skills bouts, as these contests are staged solely for the development of boxers and no opinion should be given. However, Judges must be present in ensuring that due diligence and governance is maintained at all times.

8. Skills bouts do not count towards a boxer's competitive record but every Skills bout upon completion must be recorded on the boxer's SME2 Registration book.
