Dear Presidents, Secretaries General, Fellow National Federations,

Reference(s):

- B. IBA Technical and Competition Rules, new version dated Sept 1<sup>st</sup>, 2022.
- C. IBA Technical Officials Selection Rule 25, version 3.

Regarding the subject heading, IBA continues to strive, improve and to develop the sport of boxing with the very best results and indeed opportunities for fairness, respect, and growth for all National Federations, key stakeholders, and in particular our great community of athletes.

As a result, the IBA Committees reviewed the Technical and Competition Rules to ensure that all regulations that govern IBA align with best practice standards.

The Committees proceeded to collate all recommendations and proposals. Post the Joint Committee meeting between the Chairs of the Committees held in Lausanne early this year, the proposed recommendations were comprehensively discussed, and all amendments were agreed.

In turn, the amended proposals were presented to the IBA Board of Directors on July 15<sup>th</sup>, 2022; all amendments were agreed, and can be found at Reference(s) A, B and C, enclosed to this covering document.

We thank you for your continued support to IBA and remain at your disposal for any questions pertaining to the enclosed documents.
